with wood blades

shown in Polished Chrome with
metal blades and decorative guard

The Diane oscillating directional ceiling fan provides maximum, multi-directional airflow. The Diane can be hung in small, awkward spaces or in front of HVAC ducts to make more efficient the heating, ventilation or air conditioning of any room.

- The Diane is available in the following finishes: polished chrome, brushed nickel or textured bronze.
- Constructed of cast aluminum, and heavy stamped steel, the Diane carries a limited lifetime warranty.
- The Diane is available with the following blade options:
 - hand-balanced metal blades with decorative metal blade guards
 - hand-balanced metal blades with metal safety cages for low ceiling applications
 - hand-balanced solid wood blades without blade guards
- The Diane is equipped with a 3-speed remote control and vaulted ceiling canopy.

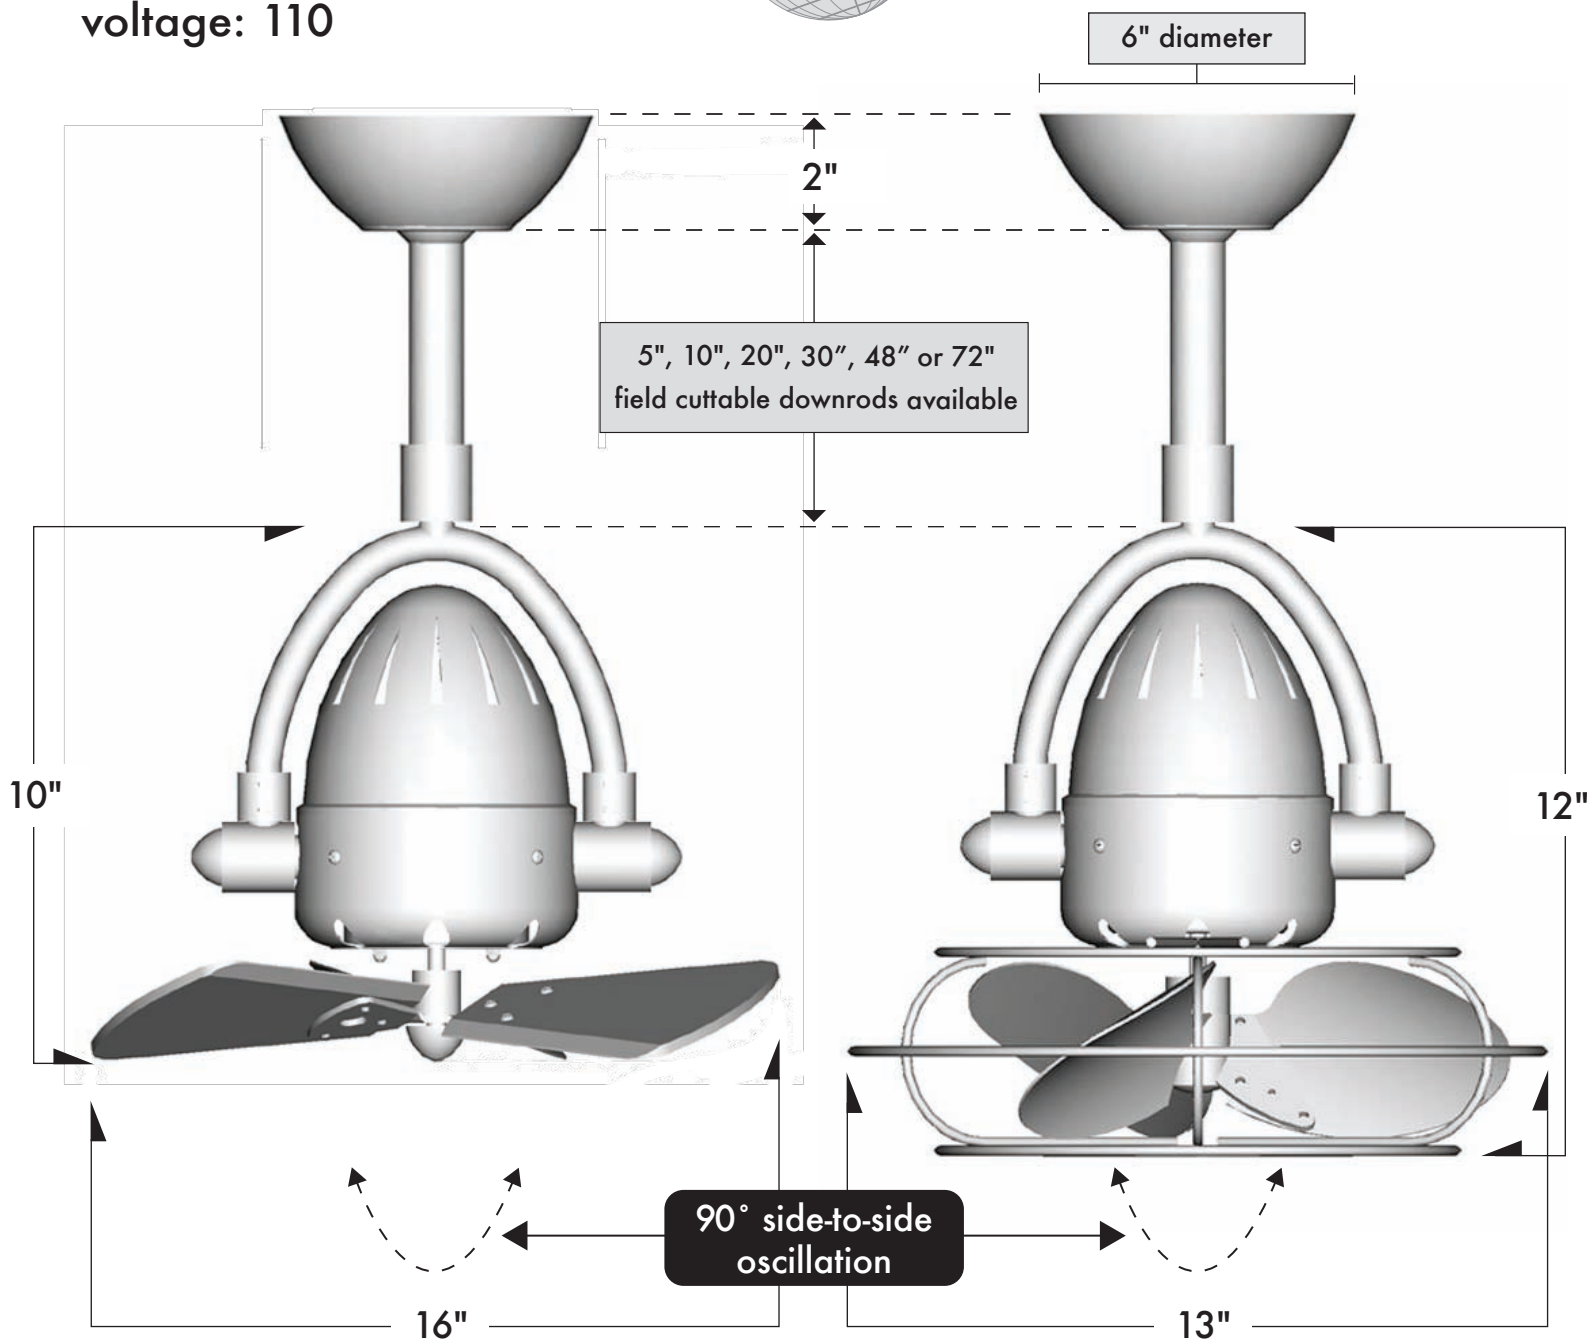

MATTHEWS
